

WOODLANDS DIVISION

NOTICE

To All Our Purchase Wood Suppliers

Given the uncertainty of current business conditions JDI will not be entering new contracts or renewing/extending existing wood supply contracts through spring road closure season.

For clarity, this means **once existing contracts have been completed either by delivering 100% of the volume or reaching the end date – whichever comes first, any further deliveries by the supplier shall be processed as gatewood at posted prices.**

This shall be in effect until JDI provides further notice.

Thank you for your continued support.

Sincerely,

Brent Thompson
